

# **ClientEarth Summit: Corporate net zero commitments - 11/10/2022**

Clémentine Baldon

11 octobre 2022

Over the last years, companies have been eager to announce their net-zero commitments. Business evangelists laud the green ambition of corporate leaders, while the cynics say it's just greenwash. The panel discussion explore how credible the claims are, and what might happen if they turn out to be a PR stunt.

Panel discussion with Maria Petzsch, Clemens K., Thomas Day and Emiliya Mychasuk on Corporate net zero and risks of greenwashing.
